Agency Overview

The Onondaga County Office for Aging, is the designated Area Agency on Aging for Syracuse and Onondaga County. It was established as a result of the Older Americans Act of 1965 and is charged to “...provide assistance in the development of new or improved programs to help older persons through grants to the States for community planning and services and for training through research, development, or training project grants...”

The Older Americans Act of 1965 is the principal piece of legislation responsible for creating an organized network of services for the elderly. This watershed social policy went beyond the boundaries of the income-insurance programs. It established an arm of the Department of Health, Education and Welfare (now known as the Department of Health and Human Services) to provide the basis for government financial aid to assist state and local communities in meeting the physical and social needs of seniors.

The aging population of Onondaga County continues to grow and become more diverse. This affords us the opportunity to plan, establish and administer programs and services that will celebrate the strengths of seniors, and provide for their needs.

To this end, the Department of Adult & Long Term Care Services, Office for Aging is pleased to present this Executive Summary of planned services for the year 2018. Our office welcomes comments from consumers, as well as service organizations, about issues and needs our community faces as our citizens age.

The Community Forum in Action

The Office for Aging, is required to conduct a yearly Public Hearing. The purpose of the Public Hearing is to create an atmosphere for dialogue about the Office for Aging’s current programs. It also serves as a means for the Office to seek ways to solve problems and fill gaps that exist in our delivery of services to older adults in Onondaga County.

Toward the end, the 2018 Public Hearing will focus on soliciting comments from constituents regarding:

♦ What are the prime concerns of older adults?
♦ Where are the roadblocks in accessing resources?
♦ How does the Office for Aging’s 2018 Plan assist?
Partnerships and Priority Services in 2018

As the official Area Agency on Aging in Onondaga County, the Department of Adult & Long Term Care Services, Office for Aging, is mandated by law to provide certain priority services. They are:

**Legal Services:** Contractor provides legal case assistance in civil matters and specific entitlement programs.
