

Youth Services Directory

Greetings!

We are pleased to present the updated version of the Youth Services Directory. The Onondaga County Department of Aging & Youth has been publishing the Directory for over 15 years. Our first version had just about half the number of pages as this current version, which shows how services for youth have grown and expanded throughout the County. While some of the original organizations are still listed, many are newly added.

Our goal is to update the Directory every six months, now that it is in electronic format. To that end, we've included a Program Update Form at the end of the Directory. Our hope is that you'll help us stay updated by providing us with information about new programs or changes to existing programs.

The information in this document is distributed on an "as is" basis, without warranty. Neither the compilers nor Onondaga County shall have any liability to be caused directly or indirectly by the instructions or definitions contained in this directory or by the agencies or organizations described herein. Moreover any errors and/or omissions are unintentional. The listings included are not exhaustive; exclusion should not be construed as a statement as to the quality or service provided, just as inclusion should not be considered an endorsement.

Because the Onondaga County Department of Aging & Youth does not have intimate knowledge of each and every program, agency or organization listed, we do not rate or specifically endorse any. Inclusion of any program, agency or organization in the Youth Services Directory is at the discretion of the Department.

You can find more information about the Department of Aging & Youth by visiting our website, www.ongov.net/agingandyouth or by calling 315-435-2362.

805 East Genesee Street

442-2230 Phone

Syracuse, NY 13210

Website: www.communityfolkartcenter.org

Email: cfac@syr.edu

Hours: Varies by program

Services to Youth: Ongoing programs that seek to enrich the lives of children of all ages by offering, state of the art, workshops in the visual, performing and literary arts from a diverse perspective. The project's overall objective is to introduce the disciplines of theater, poetry, dance and the visual arts to young people, giving them the basic concepts and fundamentals of elocution, movement, written expression and the studio arts. The program seeks to promote artistic exploration, inspire individual creativity and foster understanding and skills regarding art and culture.

Participants engage with visiting professional artists and professors as well as, students of art at Syracuse University. Activities are designed to illuminate each child's inner artist. The environment created encourages self-expression, self-esteem and elevated academic achievement.
