TRAVEL ADVISORY EXTENDED
HAZARDOUS ROAD CONDITIONS

County Executive Joanie Mahoney has extended the Travel Advisory for Onondaga County until 4AM Tuesday November 22, 2016.

This travel advisory does not restrict travel. It is a warning to motorists that hazardous driving conditions may exist as snow and wind have created hazardous travel conditions throughout the county. Snow will continue and snowfall rates may reach more than one inch per hour. Wind may also create snow drifts on roadways.

Please monitor local forecasts and conditions as the impact varies depending on location.

Precautionary/preparedness actions

The continued precipitation will create severe winter weather conditions.

For the safety of all residents, the general public is encouraged to consider the need to be on the roads during the above time frame and to use extreme caution while traveling in or around Onondaga County. If you must travel, allow additional time to reach your destination. Travel at reduced speeds to allow for increased reaction time and clear your entire car of snow.
