SUBJECT OF EXAMINATION: There will be a written test, which you must pass in order to be considered for appointment. The written test will be designed to test for knowledge, skills and/or abilities in the following areas:

1. Administrative supervision

These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and his/her subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.

2. General accounting

This is a test of general accounting principles and practices used in the preparation of financial statements, the recording and reporting of financial transactions, and the use of this information in financial decision-making. Candidates will be required to demonstrate a current knowledge of Generally Accepted Accounting Principles (GAAP). Knowledge of computerized information systems as it applies to accounting may be required.

3. General auditing

This is a test of the principles and procedures involved in substantiating or examining transactions and financial statements. It will require a knowledge of auditing techniques and Generally Accepted Auditing Standards (GAAS). Knowledge of the use of computerized accounting or auditing systems as it pertains to auditing may be required. Specific questions relating to internal controls applicable to manual and computerized accounting systems may be included.

4. Governmental accounting

This is a test of accounting practices which are designed to provide financial information used in determining and forecasting the condition of governmental units, and used for monitoring governmental performance, in terms of legal, contractual and fiduciary requirements. These questions will be designed to test for knowledge of and familiarity with common governmental funds, appropriation and encumbrance accounting, accounting for revenue and expenditures and other aspects of accounting relating to the governmental sector.

5. Preparing written material

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

SENIORITY RATING: Seniority points will be added on promotional exam scores to all passing candidates. Seniority rating is based on the length of continuous classified service in the jurisdiction in which you are employed as follows:

Less than 1 year = 0 points

1 year, up to 6 years = 1 point

Over 6 years, up to 11 years = 2 points

Over 11 years, up to 16 years = 3 points

Over 16 years, up to 21 years = 4 points

Over 21 years = 5 points

The promotional examination will be **BAND SCORED**. When a promotion examination is band scored, seniority credits are added to the raw score and not to the final score. Using this formula, the applicable seniority credits are added to the number of questions answered correctly (raw score) of passing candidates. This will result in a "total raw score," from which the final band score is determined. This is a change from the current practice of adding seniority credits to the final score.
