New York State Public Health Law requires that all puppies and kittens get their first rabies shot at three months of age. They also need to get a booster shot at one year old and then again every three years. Ferrets must get a shot every year.

**Please keep your pets on a leash or in a carrier at the rabies clinic and keep them close to you. Also bring your pet's past shot records.**

*All shots are free for Onondaga County residents.  
A voluntary donation per family is appreciated.*

**For more information call  
Animal Disease Control**

**435-3165**

Joanne M. Mahoney  
County Executive

Cynthia B. Morrow, MD, MPH  
Commissioner of Health
