RESOLUTION NO. 46

ADOPTING AN AMENDED SCHEDULE OF SEWER RENTS FOR THE ONONDAGA COUNTY SANITARY DISTRICT

WHEREAS, by Resolution No. 563-1978 and pursuant to the Onondaga County Administrative Code Section 11.79, this Onondaga County Legislature established and imposed a schedule of sewer rents for the Onondaga County Sanitary District ("District"), and such schedule imposed sewer rents upon property owners within the District on the basis of a "unit", using an estimate of 146,000 gallons per year for each such unit; and

WHEREAS, by Resolution No. 242-2001, this Onondaga County Legislature provided for a new schedule of sewer rents, redefining a unit using an estimate of 140,000 gallons per year for each such unit; and

WHEREAS, by adopting this resolution, such unit will be again redefined using an estimate of 137,000 gallons per year for each such unit, and schedule of proposed sewer rents provided herein will become effective on and after January 1, 2018; and

WHEREAS, the proposed schedule was filed with the Clerk of the County Legislature and with the clerks of the City of Syracuse and the various towns and villages, all within or partly within the District wherein such proposed sewer rents will be effective; and

WHEREAS, pursuant to the Onondaga County Administrative Code, the Commissioner of Water Environment Protection held a hearing on January 24, 2017, on the modification of sewer rents and has prepared and submitted a Report dated January 25, 2017, approved by the County Executive and filed with the Clerk of the Onondaga County Legislature, recommending modification to the existing schedule of sewer rents; and

WHEREAS, a public hearing was held by this Onondaga County Legislature on April 4, 2017; now, therefore be it

RESOLVED, that this Onondaga County Legislature hereby modifies sewer rents for the Onondaga County Sanitary District to be allocated on the basis of "units" as defined in the following schedule, where one unit is based on the estimate of 137,000 gallons to be used per year for each such unit:

- a. Single family structure, mobile home, townhouse, and condominium – one unit each.
- b. All other multi-family residential structures – three-fourths unit per family.
- c. Mixed use properties having both residential and commercial use – three-fourths unit per family plus 1 unit assigned for the total commercial space, or, alternatively, in the event that the actual water usage exceeds the calculation of gallons per unit within this subsection (c) for the residential and commercial portions of the property, the number of units to be assigned to such property shall be based on water bills, as follows:
  - 1. Up to 137,000 gallons per year – one unit;
  - 2. One unit and fraction thereof for each 137,000 gallons per year
- d. Commercial, industrial and institutional properties – units to be assigned based on water bills, or, where property metered, or sufficient verification exists of wastewater discharged, as follows:

1. Up to 137,000 gallons per year – one unit;
2. One unit and fraction thereof for each 137,000 gallons per year

RESOLVED, that this Legislature does hereby establish and impose the above schedule of sewer rents to be effective January 1, 2018, and said sewer rents shall be levied, collected and enforced from the several lots and parcels of land within the district served by the sewer system for use of the same, in the same manner and at the same time as other County charges, and shall constitute a lien pursuant to law upon the real properties served by the sewer system; and, be it further

RESOLVED, that the Clerk of the Onondaga County Legislature hereby is directed to record a certified copy of this Resolution in the Office of the County Clerk of Onondaga County and thereafter to publish this Resolution in the official newspaper of the County at least once, where publication shall be at least thirty (30) days before the effective date hereof.
