Onondaga County Federation of Sportsmen's Clubs

My name is Stephen Wowelko, I am a resident of the Town of Manlius in Onondaga County.

I am a Past President and current member of the Legislative Committee of the Onondaga County Federation of Sportsmen's Clubs (OCFOSC), an organization that represents over 10,000 members in Sporting Organizations throughout Central New York.

At the request of a resident, on April 13, 2022 the Town of Manlius passed a non-binding, memorializing resolution requesting it be allowed to opt out of the Holiday Deer Hunt season.

Their resolution requests that the DEC let the Town of Manlius opt out of the Holiday Hunt and the Town's recommendation that the Onondaga County Legislature pass a law opting out Onondaga County and end the deer hunting season in Onondaga County on or before 32 days after the third Saturday in November.

The OCFOSC feels that the reasons stated in their resolution did not represent accurate facts or opinions of the residents of Onondaga County.

Although there is no current law or regulation allowing these out-out actions, the Onondaga County Federation requests that this county legislature consults with their organization before a decision is made, should one be allowed by New York State.

In the essence of time I would like to submit the Town of Manlius Resolution, and the Resolution of the Onondaga County Federation of Sportsmen's Clubs to be entered into the record.

I would just like to read the Be It Resolved section from our resolution.

"NOW THEREFOR, BE IT RESOLVED, that The Onondaga County Federation of Sportsmen's Clubs condemns the Town of Manlius resolution requesting that the DEC let the Town of Manlius opt out of the Holiday Hunt and the Town's recommendation that the Onondaga County Legislature pass a law opting out Onondaga County and end the deer hunting season in Onondaga County on or before 32 days after the third Saturday in November."

On June 6, 2022 the OCFSC Board met and unanimously passed this resolution.

On June 20, 2022 the OCFSC delegates representing member organizations met and unanimously passed this resolution.

Thank you for your consideration.

ONONDAGA COUNTY FEDERATION OF SPORTSMEN'S CLUBS

RESOLUTION CONDEMNING THE TOWN OF MANLIUS RESOLUTION OPPOSING THE HOLIDAY HUNT DEER SEASON

WHEREAS, The Onondaga County Federation of Sportsmen's Clubs represents over 10,000 members in Sporting Organizations throughout Central New York including the Town of Manlius.

Whereas, New York State Department of Environmental Conservation (DEC) held its first successful "Holiday Deer Hunt" by extending the late bow and muzzleloader hunting seasons for deer from Dec. 26 to Jan. 1, in New York's Southern Zone.

Whereas, the DEC and the NYS State Legislature discussed enacting laws and regulations to allow counties to "opt-out" of this special deer hunting season.

Whereas, this type of regulation would give a county, by passing a local law, the ability to prohibit hunters from hunting deer in their county during a valid state hunting season.

Whereas, The Onondaga County Federation of Sportsmen's Clubs (OCFOSC) strongly opposes any proposed regulation allowing counties to pass a local law to opt out of the Holiday Deer Hunt.

Whereas, in 2021, OCFOSC delegates representing sportsmen's organizations voted unanimously to OPPOSE any proposed regulation allowing counties to opt out of this hunting season.

Whereas, several local landowners stated that they would permanently rescind access to snowmobile trails on their property if this regulation is adopted. This would affect the economic benefit snowmobiling brings to localities and the New York State

Whereas, Private landowners already have the right to limit who uses their land. They can grant access to hunters and/or snowmobilers as they desire. This regulation if adopted by a county would prohibit them from allowing deer hunting on their own property during the Holiday Deer Hunt – a state hunting season.

Whereas, small game hunting with shotguns and rifles is currently allowed in New York State during this time period.

Whereas, The DEC manages wildlife through Wildlife Management Units (WMU). Some counties are included in several WMU, and some WMU contain several counties. Defining county lines while hunting in the forest would be very difficult to determine for hunters.

ONONDAGA COUNTY FEDERATION OF SPORTSMEN'S CLUBS

RESOLUTION CONDEMNING THE TOWN OF MANLIUS RESOLUTION OPPOSING THE HOLIDAY HUNT DEER SEASON

Enforcement of this regulation would create challenges for the Environmental Conservation Police.

Whereas As part of the DEC ongoing efforts to capitalize on the growing interest in hunting, they anticipate the Holiday Deer Hunt will provide new recreational opportunities for New Yorkers and visiting hunters to venture afield during a time when families and friends are gathered together for the holidays and students are home on school break.

Whereas, the DEC states that this extended season is also a great time for younger hunters to go afield with experienced mentors and nurture their knowledge and skills as responsible members of the hunting community.

Whereas, The new season provides an additional seven days of late season hunting limited to use of primitive weapons including bows and muzzleloaders, with minimal if any effects on other outdoor recreational user groups.

Whereas, the Town of Manlius has a deer management problem which is evident by the fact that areas within the town including the Village of Fayetteville and Green Lakes State Park have hired sharpshooters to cull overpopulated deer.

Whereas, On April 13, 2022 the Town of Manlius passed a non-binding, memorializing resolution requesting it be allowed to opt out of the Holiday Deer Hunt season.

NOW THEREFOR, BE IT RESOLVED, that The Onondaga County Federation of Sportsmen's Clubs condemns the Town of Manlius resolution requesting that the DEC let the Town of Manlius opt out of the Holiday Hunt and the Town's recommendation that the Onondaga County Legislature pass a law opting out Onondaga County and end the deer hunting season in Onondaga County on or before 32 days after the third Saturday in November.

On June 6, 2022 the OCFSC Board met and unanimously passed this resolution.
On June 20, 2022 the OCFSC delegates representing member organizations met and unanimously passed this resolution.

*RESOLUTION CONDEMNING THE TOWN OF MANLIUS RESOLUTION OPPOSING THE HOLIDAY HUNT
DEER SEASON*

RESOLUTION NO. _____

OPPOSITION TO THE HOLIDAY HUNT DEER SEASON

WHEREAS, it has come to the attention of The Town of Manlius that the Department of Environmental Conservation (DEC) has proposed a special deer season from December 26 to January 1 (Holiday Hunt) for the entire southern zone of New York State.

WHEREAS, the town of Manlius has rural areas; and

WHEREAS, during the holiday break many outdoor user groups (residents and from afar) enjoy the outdoors throughout the town; and

WHEREAS, most outdoor recreation is on standby until after the end of deer season; and

WHEREAS, this regulation will close the outdoors to the many users groups the week of Christmas and New Year's when much of Onondaga County has recreational snow; and

WHEREAS, there are many small businesses supported and dependent on the holiday week activity of these outdoor user groups at their establishments, many of which were abruptly closed due to the virus, are only starting to get back on their feet; and

WHEREAS, delaying the economic support that multiple outdoor user groups provide is unwarranted; and

WHEREAS, New York State has one of the longest most liberal deer seasons of all northern states (close to 12 weeks); and

WHEREAS, the DEC states it doesn't need these additional days to manage deer populations; and

WHEREAS, the need to protect rural economies, small businesses, residents, multiple outdoor user groups and deer yards from special interest groups looking to expand the deer hunting season for a very small user group is unacceptable;

NOW THEREFOR, BE IT RESOLVED, that The Town of Manlius respectfully requests that the DEC let the Town of Manlius opt out of the Holiday Hunt and recommend that the Onondaga County Legislature pass a law opting out Onondaga County and end the deer hunting season in Onondaga County on or before 32 days after the third Saturday in November.

The application shall be signed by the owner of the property where the work is to be performed or an authorized agent of the owner. The application shall include or be accompanied by the following information and documentation:

(2) The tax map number and the street address of the premises where the work is to be performed;

However, the return of a set of accepted construction documents to the applicant shall not be construed as authorization to commence work, nor as an indication that a Building Permit will be issued. Work shall not be commenced until and unless a Building Permit is issued.

(F) Issuance of Building Permits. An application for a Building Permit shall be examined to ascertain whether the proposed work is in compliance with the applicable requirements of the Uniform Code and Energy Code. The Code Enforcement Officer shall issue a Building Permit if the proposed work is in compliance with the applicable requirements of the Uniform Code and Energy Code.

(G) Building Permits to be displayed. Building permits shall be visibly displayed at the work site and shall remain visible until the authorized work has been completed.

(H) Work to be in accordance with construction documents. All work shall be performed in accordance with the construction documents which were submitted with and accepted as part of the application for the Building Permit. The Building Permit shall contain such a directive. The Permit Holder shall immediately notify the Code Enforcement Officer of any change occurring during the course of the work. The Building Permit shall contain such a directive. If the Code Enforcement Officer determines that such change warrants a new or amended Building Permit, such change shall not be made until and unless a new or amended Building Permit reflecting such change is issued.

(I) Time Limits. Building Permits shall become invalid unless the authorized work is commenced within 6 months following the date of issuance. Building Permits shall expire 12 months after the date of issuance. A Building Permit which has become invalid or which has expired pursuant to this subdivision may be renewed upon application by the Permit Holder, payment of the applicable fee, and approval of the application by the Code Enforcement Officer.

(J) Revocation or Suspension of Building Permits. If the Code Enforcement Officer determines that a Building Permit was issued in error because of incorrect, inaccurate or incomplete information, or that the work for which a Building Permit was issued violates the Uniform Code or the Energy Code, the Code Enforcement Officer shall revoke the Building Permit or suspend the Building Permit until such time as the Permit Holder demonstrates that (1) all work then completed is in compliance with all applicable provisions of the Uniform Code and the Energy Code and (2) all work then proposed to be performed shall be in compliance with all applicable provisions of the Uniform Code and the Energy Code.

(K) Fee. The fee, if any, specified in or determined in accordance with the provisions set forth in section 16 (Fees) of this local law must be paid at the time of submission of an application for a Building Permit, for an amended Building Permit, or for renewal of a Building Permit.

Section 5. Construction Inspections.

(A) Work to remain accessible and exposed. Work shall remain accessible and exposed until inspected and accepted by the Code Enforcement Officer or by an Inspector authorized by the Code Enforcement Officer. The Permit Holder shall notify the Code Enforcement Officer when any element of work described in subdivision (B) of this section is ready for inspection.

(B) Elements of work to be inspected. The following elements of the construction process shall be inspected, where applicable:

 - (9) Inspections required to demonstrate Energy Code compliance, including but not limited to insulation, fenestration, air leakage, system controls, mechanical equipment size, and, where required, minimum fan efficiencies, programmable thermostats, energy recovery, whole-house ventilation, plumbing heat traps, and high-performance lighting and controls;
 - (10) Installation, connection, and assembly of factory manufactured buildings and manufactured homes; and
 - (11) A final inspection after all work authorized by the Building Permit has been completed.

Should a remote inspection not afford the Code Enforcement Officer or such authorized Inspector sufficient information to make a determination, an in-person inspection shall be performed.
- (D) Fee. The fee, if any, specified in or determined in accordance with the provisions set forth in section 18 (Fees) of this local law must be paid prior to or at the time of each inspection performed pursuant to this section.

Section 6. Stop Work Orders.

(1) Any work that is determined by the Code Enforcement Officer to be contrary to any applicable provision of the Uniform Code or Energy Code, without regard to whether such work is or is not work for which a Building Permit is required, and without regard to whether a Building Permit has or has not been issued for such work, or

(2) Any work that is being conducted in a dangerous or unsafe manner in the opinion of the Code Enforcement Officer, without regard to whether such work is or is not work for which a Building Permit is required, and without regard to whether a Building Permit has or has not been issued for such work, or

(C) Service of Stop Work Orders. The Code Enforcement Officer shall cause the Stop Work Order, or a copy thereof, to be served on the owner of the affected property (and, if the owner is not the Permit Holder, on the Permit Holder) personally or by registered mail. The Code Enforcement Officer shall be permitted, but not required, to cause the Stop Work Order, or a copy thereof, to be served on any builder, architect, tenant, contractor, subcontractor, construction superintendent, or their agents, or any other Person taking part or assisting in work affected by the Stop Work Order, personally or by registered mail; provided, however, that failure to serve any Person mentioned in this sentence shall not affect the efficacy of the Stop Work Order.

(D) Effect of Stop Work Order. Upon the issuance of a Stop Work Order, the owner of the affected property, the Permit Holder and any other Person performing, taking part in, or assisting in the work shall immediately cease all work which is the subject of the Stop Work Order.

(E) Remedy not exclusive. The issuance of a Stop Work Order shall not be the exclusive remedy available to address any event described in subdivision (A) of this section, and the authority to issue a Stop Work Order shall be in addition to, and not in substitution for or limitation of, the right and authority to pursue any other remedy or impose any other penalty under section 17 (Violations) of this local law or under any other applicable local law or State law. Any such other remedy or penalty may be pursued at any time, whether prior to, at the time of, or after the issuance of a Stop Work Order.

(B) Issuance of Certificates of Occupancy and/or Certificates of Compliance. The Code Enforcement Officer shall issue a Certificate of Occupancy and/or a Certificate of Compliance if the work which was the subject of the Building Permit was completed in accordance with all applicable provisions of the Uniform Code and Energy Code and, if applicable, that the structure, building or portion thereof that was converted from one use or occupancy classification or sub classification to another complies with all applicable provisions of the Uniform Code and Energy Code. The Code Enforcement Officer or an Inspector authorized by the Code Enforcement Officer shall inspect the building, structure or work prior to the issuance of a Certificate of Occupancy and/or a Certificate of Compliance. In addition, where applicable, the following documents, prepared in accordance with the provisions of the Uniform Code by such person or persons as may be designated by or otherwise acceptable to the Code Enforcement Officer, at the expense of the applicant for the Certificate of Occupancy and/or Certificate of Compliance, shall be provided to the Code Enforcement Officer prior to the issuance of the Certificate of Occupancy and/or Certificate of Compliance:
