ONONDAGA CO. FARMLAND PROTECTION BOARD SEEKS APPLICATIONS FOR INCLUSION OF  
FARMLAND INTO CERTIFIED AGRICULTURAL DISTRICTS

Open enrollment for the addition of viable farmland into existing certified agricultural districts in Onondaga County is set for January 1, 2010 to January 31, 2010. In 2003 the NYS Agricultural Districts Law 25-AA was amended to allow agricultural property owners the opportunity to request that their land be added to a certified agricultural district annually, rather than having to wait until the district is up for its 8-year review. Viable agricultural land is land highly suitable for or currently used for agricultural production and/ or has the capacity to be used for agricultural production. Enrollment of land into a certified agricultural district provides protection of accepted agricultural practices through NYS Agricultural Districts Law 25AA. For more information and an enrollment form, contact the Syracuse-Onondaga County Planning Agency, Megan Costa through email [MeganCosta@ongov.net](mailto:MeganCosta@ongov.net) or phone 435-8571. **PART II- ENVIRONMENTAL ASSESSMENT**

**General Information**

In providing responses to each of the questions, the reviewer should keep in mind that the action proposed is the modification or termination of an agricultural district or districts. The action is not the land use or activity which will, or may, take place in the district(s). For example, it is not appropriate to consider the effects of management action that may be taken by individual operators in conducting farming. Agricultural farm management practices, including construction, maintenance and repair of farm buildings, and land use changes consistent with generally accepted principles of farming are listed as Type II actions in 6 NYCRR §617.5(c)(3), and these actions have been determined not to have a significant impact on the environment.

A. Does action exceed any Type I threshold in 6 NYCRR, Part 617.4?    Yes    No

If Yes, coordinate the review process and use the FULL EAF.

B. Will action receive coordinated review as provided for Unlisted actions in 6 NYCRR, Part 617.5?

Yes    No

If No, a negative declaration may be superseded by another involved agency.

C. Could action result in any adverse effects associated with the following:

C1. Existing air quality, surface or groundwater quality or quantity, noise levels, existing traffic patterns, solid waste production or disposal, potential for erosion, drainage or flooding problems? Explain briefly:

No \_\_\_\_\_  
\_\_\_\_\_

C2. Aesthetic, agricultural, archaeological, historic or other natural or cultural resources; or community or neighborhood character? Explain briefly:

No \_\_\_\_\_  
\_\_\_\_\_

C3. Vegetation or fauna, fish, shellfish or wildlife species, significant habitats, or threatened or endangered species? Explain briefly:

No \_\_\_\_\_

C4. A community's existing plans or goals as officially adopted, or a change in use or intensity of use of land or other natural resources? Explain briefly:

No \_\_\_\_\_

C5. Growth, subsequent development, or related activities likely to be induced by the proposed action? Explain briefly:

No \_\_\_\_\_  
\_\_\_\_\_

C6. Long term, short term, cumulative, or other effects not identified in C1-C5? Explain briefly:

No \_\_\_\_\_  
\_\_\_\_\_

C7. Other impacts (including changes in use of either quantity or type of energy)? Explain briefly:

No \_\_\_\_\_  
\_\_\_\_\_

D. Will the project have an impact on the environmental characteristics that caused the establishment of a CEA?  Yes  No

E. Is there, or is there likely to be, controversy related to potential adverse environmental impacts?

Yes  No If Yes, explain briefly:

\_\_\_\_\_  
\_\_\_\_\_

**PART III- DESIGNATION OF LEAD AGENCY**

Please indicate desire for lead agency status by checking the appropriate box below:

- Since the proposed action will be undertaken by this County Legislative Body and since any adverse environmental impacts will be primarily of local significance, it is hereby recommended that this County Legislative Body serve as lead agency to ensure compliance with the requirements of the State Environmental Quality Review Act. It has been determined that the only other agency required to undertake an action in this case is the Department of Agriculture and Markets.
- The County Legislative Body does not choose to nominate itself to serve as lead agency.

**PART IV - DETERMINATION OF SIGNIFICANCE**

**INSTRUCTIONS:** For each adverse effect identified above, determine whether it is substantial, large, important or otherwise significant. Each effect should be assessed in connection with its (a) setting (i.e., urban or rural); (b) probability of occurring; (c) duration; (d) irreversibility; (e) geographic scope; and (f) magnitude. If necessary, add attachments or reference supporting materials. Ensure that explanations contain sufficient detail to show that all relevant adverse impacts have been identified and adequately addressed. If question D of Part II was checked yes, the determination and significance must evaluate the potential impact of the proposed action on the environmental characteristics of the CEA.

- Check this box if you have identified one or more potentially large or significant adverse impacts which **MAY** occur. Then proceed directly to the FULL EAF and/or prepare a positive declaration.
- Check this box if you have determined, based on the information and analysis above and any supporting documentation, that the proposed action **WILL NOT** result in any significant adverse environmental impacts **AND** provide on attachments as necessary, the reasons supporting this determination:
