

**Onondaga County**  
**Request for Addition of Viable Farmland into a Certified Agricultural District**  
**January 1, 2010 through January 31, 2010**

NYS Agricultural Districts Law 25-AA was amended in 2003 to allow land that is highly suitable and/or currently used for agricultural production to be added to an Agricultural District on an annual basis, rather than waiting for the Agricultural District eight-year recertification process.

Property owners can request that their property be added to an Agricultural District in Onondaga County between January 1 and January 31, 2010 by completing this form and returning it to:
